School Description

The school mission and vision is posted in all classrooms and regularly articulated via presentations at Back to School Night, Parent/Student handbook and most school correspondences. The Ladd Lane community works together to continuously analyze evidence and refine school priorities according to our focused mission and vision. Utilizing our Professional Learning Community Framework, the leadership team, with assistance from the principal worked with the staff to develop this focus. In creating our mission and vision statement, staff researched the characteristics of powerful organizations. The faculty then brainstormed and prioritized a list of skills that are needed for students to be high level learners. Once this was solidified to our mission and vision this statement has been communicated to our entire school community. Through a partnership with parents, students and staff, Ladd Lane School has made great strides in continuously aligning our school priorities with our mission. We are committed to ensuring that all of our students achieve to their fullest potential. Especially, that the achievement gap of English Learners is significantly decreased via the utilization of key signature practices which are aligned with our school vision.

Mission Statement

Ladd Lane's mission is to provide an atmosphere where each child is encouraged to strive for excellence academically, socially and emotionally in a safe and supportive environment.

Vision

Ladd Lane embraces the importance of collaboratively providing services and supports to strengthen the academic and social achievements of students while preparing them to be productive citizens.

The community is located in the city of Hollister which sits in northern San Benito County, 47 miles from San Jose, 39 miles east of the Monterey Peninsula, and 90 miles south of San Francisco. The region retains its agricultural heritage. Ladd Lane Elementary serves approximately 630 students in grades kindergarten through fifth, including five special day classes. Ladd Lane serves students diagnosed with autism in its special day classes. Although we are one of the largest elementary schools in the district, Ladd Lane prides itself on its "family type" atmosphere. Education, including an academically rigorous program, is highly valued by our faculty and families, along with a high degree of staff morale and parent satisfaction. Each year we have many more families request or transfer into our school than we can accommodate. There is a strong commitment to excellence on the part of the entire faculty.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

Data reported are the determination of good repair as documented in a completed Interim Evaluation Instrument, including the school site inspection date, the Interim Evaluation Instrument completion date, and the date of any remedial action taken or planned.

*Facility inspection was conducted at the beginning of the year. All items requiring repair have been or are being addressed with any safety issue having the highest priority. On November 4, 2014, the voters of the Hollister School District passed Measure M, a \$28.5 million Facilities Bond that will address the most critical renovation and modernization needs at the District's elementary and middle schools. Measure M will upgrade fire alarm and security systems, improve access to classroom technology, and provide better school access to people with disabilities, among other improvements. For a complete list of projects go to http://www.hesd.org/departments/facilities/measure_m.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents and the community are very supportive of educational programs at the school. Parents play a very active role by participating in various school clubs and activities including classroom volunteers, field trip chaperons, Parent Club activities, and organizing special events. Many programs, such as our classroom activities and facilities are enriched by contributions made by the Parent Club. Parents also participate in the School Site Council which makes decisions regarding the school plan, to ensure high quality instructional goals. This is an important committee at Ladd Lane School. Each parent representative of the School Site Council is elected to a two year term. These elected parent representatives gain important knowledge about education in the California Public Schools. The School Site Council meets monthly with dates posted in the parent newsletter. The Parent Club meets the first Wednesday of each month at 6:30 p.m. in the room H8. Please contact the Parent Club office at 636-4490 x154 or feel free to attend a meeting to become involved. We also hold annual LexiaCore5 Parent Night, Accelerated Reader Parent night and Thinking Maps Parent night. These three events are well attended and very much appreciated by the community. We have ELAC meetings 5 times a year. This gives the parents of EL students an opportunity to give input and feedback regarding academic progress.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

School Safety Plan

Student and staff safety is a primary concern. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness and comprehensive safety plan includes steps for ensuring student and staff safety during a disaster. Fire, earthquake drills and lock down drills are conducted regularly. A record of evacuation times are kept on a shared Google Doc. The comprehensive safety plan outlines a focus, goal, objectives and budget for the following five areas: Characteristics and Students and Staff, School's Physical Environment, School's Social Environment, School's Culture, and Safe School Plan. The School Site Council meets regularly and addresses the programs and components that make up the school plan including the safety plan. This committee consists of the principal, elected teachers, elected parents. The school plan for Ladd Lane Elementary School is updated yearly, the safety plan s updated on a two year cycle. Protocols and evacuation maps are in each classroom, office and multipurpose room. These posted protocols are available for law enforcement, district, local officials and parent review. In addition, all visitors and volunteers to the campus are required to sign in at the office and place a visitor sticker on their shirt. Supervision is provided for students throughout the school day; the responsibility is shared between teachers, the school staff and yard supervisors.

Professional Development provided for Teachers

In the most recent 3 years, the district has dedicated a total of 12 days to staff development. Four district-wide Professional Development days are provided for teachers on non-student days. The District focus is on training all teachers in the use of Thinking Maps and Path to Proficiency for English Learners. This decision was based on the data that showed an increasing achievement gap for English Learners. Staff development is also now focused on the Common Core State Standards, the Next Generation Science Standards, and the technology needed to implement CCSS and the CAASPP. Teachers have also all received training in, and implement, Professional Learning Communities (PLCs) and Response to Intervention (RTI). Staff members build teaching skills and share strategies through participation at workshops, at staff meetings and in their Professional Learning Communities. Future district-wide Professional Development will focus on additional training in Next Generation Science Standards, training for the new English Language Arts/English Language Development curriculum, and "Capturing Kids' Hearts" (a program that focuses on positive school climate).

Types of Services Funded

In addition to state funding, Hollister School District receives federal categorical funding. In 2015/16 the district received funding from the following programs: Title I - Education for the Disadvantaged, Title II - Teacher and Principal Training and Recruiting, and Title III - English Language Acquisition and Academic Achievement. Using general fund money in combination with categorical funding, the district provided every K - 5 elementary site (also the K - 6 and K - 8 sites) with a Resource Teacher, an Intervention Teacher and a Physical Education Teacher. The Resource Teacher coordinates resources, and provides services to students, in each site's Response to Intervention program. The Intervention Teacher plans with teachers and provides small group intervention instruction. The P.E. Teacher provides the required minutes of instruction to grade level groups of students, allowing the teachers more time to collaborate about instruction and/or provide intervention instruction.

Students who qualify also participate in before or after school intervention classes, provided through the Supplemental Education Services, Title I. Students who qualify through Migrant Education receive additional intervention services.

Site-based Title I funds are used to support the Response to Intervention program. Decisions about the expenditure of these funds are made with the School Site Council, based on achievement data for the school.
